Legal Notice of Proposed Action and Opportunity to Comment
Vail Mountain Resort – Golden Peak Improvements Project DEIS

The White River National Forest – Eagle-Holy Cross Ranger District has prepared a Draft Environmental Impact Statement (EIS) for the Vail Mountain Resort – Golden Peak Improvements Project. This Draft EIS has been prepared to analyze and disclose the potential environmental effects of implementing projects to improve ski/snowboard racing terrain and associated facilities. These projects would occur within the resort's existing Special Use Permit (SUP) area and would be consistent with the 2007 Vail Resorts Master Development Plan Update.

The Proposed Action includes: construction of one surface lift (T-bar or similar design) and approximately 42 acres of new ski trails for women's Downhill and men's Super-G courses, moguls course and skier cross course; lift operating buildings, race start buildings, equipment storage, fuel storage, and maintenance building; infrastructure to support snowmaking on new ski trails; access road for construction of new lift and ski trails; staging areas and logging decks for construction materials and timber removal; and vegetation removal and surface smoothing/grading for new ski trails and drainage management.

The entire Draft EIS can be reviewed and downloaded at the project website at: <https://www.fs.usda.gov/project/?project=47937>. Hardcopies may be re-

viewed at the Forest Supervisor's Office in Glenwood Springs and the Eagle-Holy Cross Ranger District office in Minturn. CDs of the Draft EIS are available upon request. A comment form is included on the website, which allows the public to submit comments on the Draft EIS electronically. Commenting through the website will provide the public and agencies with an easy to use and efficient commenting process while aiding the Forest Service with categorizing, analyzing and responding to substantive feedback.

How to Comment and Timeframe: The Environmental Protection Agency published a Notice of Availability (NOA) for the Draft EIS in the Federal Register on or about April 6, 2018. Written, facsimile, hand-delivered, and electronic comments concerning this action will be accepted for 45 days following that date. The publication date of the NOA in the Federal Register is the exclusive means for calculating the comment period for a proposed action documented in a Draft EIS. Those wishing to comment should not rely upon dates or timeframe information provided by any other source. Comments may be made on the proposed project, proposed plan amendment, or both.

The Eagle-Holy Cross Ranger District also invites you to join us at a public meeting to further understand and discuss the Proposed Action. The meeting will be on April 10, 2018 from 4:30 p.m. to 6:30 p.m. at the Holy Cross Ranger District Office, 24747 Highway 24, Minturn, CO 81645.

A comment form is included on the website, which allows the public to submit comments on the Draft

EIS electronically. Commenting through the website will provide the public and agencies with an easy to use and efficient commenting process while aiding the Forest Service with categorizing, analyzing and responding to substantive feedback. Comments may be submitted online to: <https://cara.ecosystem-management.org/Public/CommentInput?Project=47937>. Written comments should be submitted to: Golden Peak Draft EIS, Scott Fitzwilliams, c/o Max Forgensi, Mountain Sports/Special Uses Administrator, White River National Forest, P.O. Box 0190, Minturn, CO 81645; comments can be hand delivered between the hours of 8:00a.m.-4:30p.m., Monday-Friday, excluding holidays. The Forest Service encourages the public to use the project website and submit comments on-line. Electronic comments can also be submitted in a format such as an email message, plain text (.txt), rich text (.rtf), or Word (.doc) to: mforgensi@fs.fed.us.

Only those who submit timely and specific written comments will have eligibility to file an objection under 36 Code of Federal Regulations (CFR) § 218.8. This process gives an individual or entity an opportunity for an independent Forest Service review and resolution of issues before the approval of a plan, plan amendment, or plan revision. For objection eligibility, each individual or representative from each entity submitting timely and specific written comments must either sign the comment or verify identify upon request. Individuals and organizations wishing to be eligible to object must meet the information requirements in the 36 CFR § 218.25(a)(3). Comments received, including the

names and addresses of those who comment, will become part of the public record for this project and will be subject to review pursuant to the Freedom of Information Act.
